Victims Of Masonic Ill-Treatment

24 February 2001

Anyone criticised or maligned in these publications has a guaranteed right of reply. JMF or P2 Lodge UK stands for the hierarchies of the Judaeo/Masonic Faction. The ordinary Mason and Jew are as likely to suffer from the machinations of the JMF as non-Masons and non-Jews are. Almost every institution in the UK is corrupt. While the final blame lies with the Member of Parliament and the Prime Minister, Freemasonry is invariably involved along with the courts, the police and local government. Everything we publish is aimed at the detection and prevention of crime especially in the public sector. We act in the public interest.

RICHARD LITTLEJOHN OF THE SUN

See page 11 of the Sun on 20 February 2001.

<<< Derry Irvine's disgraceful abuse of office is more confirmation of the streak of pure corruption at the heart of New Labour.

These are bad people.

They have all the worst traits of the aristocracy with none of the saving graces. They combine the arrogance of absolute monarchs with the venality and ruthlessness of the Politburo.

Irvine is one of the most preposterous men ever to sit as Lord Chancellor. It is not just the syrup that comes with the job and makes him look like Deputy Dawg. It's the ridiculous airs and graces he adopts.

Next to Derry even Baroness Jay comes across as self-effacing.

He is so far up himself that if he coughs he is in grave danger of turning himself inside out. >>>

Well said, Richard! Our reports are to the effect that Labour politicians at all levels flaunt their corrupt practices whereas the Tories were more discreet. Next week please deal with barrister Paul Boateng, the ethnic minority MP and Health Minister who sought to defend the Cardinal presumably in the hope that he will be made Lord Chief Justice and be known as Lord Boateng of Uncletomba. Firstly Boateng must convert to Judaism.

Remarkably Englishmen live under a predominantly Scottish administration, which has brought all the traits of Freemasonry into government. (Blair, Irvine, Cook, Brown, Falconer, Liddell, Reid, Wilson!) There is also a preponderance of lawyers and barristers who cannot distinguish between fact and fiction. We make no comment on Jews because we would be charged with anti-Semitism. Does Richard know that Home Secretaries Howard and Straw are descended from refugees from Europe? Yet they are the most dictatorial and undemocratic people ever to hold that office. The latest wheeze from Straw has resulted in a children's playgroup in West London being put on the terrorist list for using replica guns when they were playing cowboys and Indians. The children, some as young as three years, are not to be allowed a jury and will be tried in camera because they pose a risk to national security.

On the same page Richard reports on the tale of Two Jags Prescott's big toe which may have been bitten by a shark during one of his frequent visits to the Maldives or to the luxury home of a shark developer in Northern Cyprus. Be that as it may Two Jags broadcast a report about how he visited one of the quick fix drop in surgeries. Richard questions his veracity. Anyway the doctors would have referred him to a neurological surgeon because Two Jags has all his brains in his big toe. In fairness to the Scots it has to be said that none of them can match the Ruskin College education of Two Jags.

HOW TO VOTE

Our contributors are insisting that we start fighting a general election campaign particularly in Dorset. We have been doing our bit for democracy for 40 years by reporting facts about corruption, which is facilitated by Members of Parliament, many of whom have their snouts in the same trough. We believe that many people are now convinced that there has to be a departure from voting for the major political parties (including Liberal Democrats). The Monster Raving Loony Party was first party to include proportional representation in its election manifesto. David Sutch (Screaming Lord Such) was a sincere and intelligent politician who was years ahead of his time. Individuals must make their own decisions. We would advise voting for the United Kingdom Independence Party (UKIP) because we feel that it would halt the advance to global control by international monetarism. We have nothing against the Green Party or the English National Party. When we think of Blair, Kinnock, Kohl, Mitterand, Chirac, Milosevic, Clinton, Nixon, Idi Amin, Craxi, Mugabe and Prodi we are overwhelmed by feelings of revulsion.

As a gesture of goodwill to those people who insist upon spitting into the wind we now publish a letter dated probably 12 November 2000 from Oliver Letwin, MP, to Michael Croley. Many people in Dorset have made complaints about Letwin. Is he a Mason or simply a coward? We do not know the colour of his politics. It is probably yellow.

<<< Dear Mr Croley,

Thank you for your letter of 12 November.

I am terribly sorry that you are so disillusioned with me and with positions in general. I fear that, in the light of your view that I am a corrupt and over-privileged good-for-nothing, it is unlikely that you will believe me when I tell you that I actually spend a lot of my time trying to pursue the cases of particular constituents who have particular and identifiable problems, which I can understand and grapple with on their behalf vis-à-vis matters such as housing, benefits, child support, and the like. I fear, however, I cannot understand what it is you actually want me to do in your case. I am afraid that I do not believe that the world contains a massive conspiracy organised by Freemasons – not least because the one or two Freemasons with whom I have ever knowingly come into contact have been perfectly responsible people. But I expect you will take this as another sign of my corruption or incompetence.

Since you clearly regard the courts as equally reprehensible, I shall not repeat Ian Bruce's advice that you use this method of redress, but merely remind you that if you have evidence that some person or persons is or are behaving illegally, it is the police and the courts who have to deal with those and not politicians. Quite properly, the courts will simply tell any politician to go packing.

I am very sorry not to be able to offer you any more helpful comments.

Yours sincerely,

Oliver Letwin. >>>

Comment: Mr Croley's complaint was that he has been victim of Masonic corruption in the legal profession, the police and the courts. Letwin is saying effectively that since he met two people who did not suffer from AIDS there could not be an AIDS epidemic. Any rational person with a modicum of honesty in his make-up would question why an organisation, which claims to be as pure as driven snow, should make a secret of its membership list. There are several avenues which Letwin could have followed on Mr Croley's behalf and which could have led to the removal of police officers and judges and the striking off of bent solicitors. Were Letwin's forbears refugees too from Europe?

As a further gesture to those who want to play the political game we now publish the demand by Gerald Coulter (Ph/FAX 01923 262726) that Dorset County Councillors Jones and Chedzoy be barred from public office. The Dorset police and county council were responsible for allowing Mr Coulter's Jeep to be stolen a second time and the legal costs thereby incurred by Mr Coulter. The council legal department represented the police when Peter Harvey was Chief Executive and also Clerk to the Police Authority. They stitched up Mr Coulter with the help of bent judges, counsel and Crown Prosecution Service. Jones, leader of the council, refused to take action and Chedzoy, a member of the Police Authority was abusive and hung up on Mr Coulter. See last week's Vomit and the reference to police operated car theft and drug dealing set-ups.

COMPUTER CRASH

The following items are published in order to illustrate how the pox-ridden Masons work. Tell us about your weird experiences resulting from the

diversionary practices of the secret, powerful and, above all, evil Mafia.

Due to circumstances beyond our control we suffered wipeout of our computer hard disk on 16 February. Our back-up files are not readily available. For weeks we have been harassed but managed to clear what appeared to be the last hurdle on 13 February when a gas engineer, following a court summons, checked our gas supply and found that we did not have a gas supply. (Solicitors Sharpe Pritchard and Westminster City Council Masonic Lodge). We have repeatedly reported that there is a gas disaster waiting to happen at our home address and an ongoing threat to health from both gas fumes and asbestos. (Shirley Porter, the Queen of Tel Aviv!)

Note that email addresses have been lost along with some email messages.

On Friday evening of 16 February the neighbouring farmer telephoned us to report a disturbance at his home, Chipstead Farm, which is within spitting distance of our working address and isolated from other properties. We ventured out and tried to get rid of the intruders who had been dropped off from a car at our neighbour's gate. Our neighbour had notified the police. We too reported the intruders. The police said that they knew about the intruders and that officers were on their way. No police officers contacted our neighbour or us. On a previous occasion we took the view that policemen had burgled our neighbour by mistake and stolen his fax machine and a large sum of money. The latest intruders, a man and a woman, who had been shouting abuse suddenly became quiet and walked along to a lay-by where they were presumably picked up, as on earlier occasions, by a police car. This country becomes more like Zimbabwe every day.

On another occasion, in our access road, in darkness, a female was shouting "Help" over and over again. Before going to her aid we observed the road from an upstairs window. There were two men hiding at our barn.

WHAT HAS UPSET BLAIR'S GANGSTERS?

We emailed last week's VOMIT early in order to facilitate the attendance of witnesses at the trial of Gail Spratley in Bournemouth County Court on Monday 19 February. Following the early transmission it appears that we were the recipient of a virus fed to us by a Judas in Dorset. What upset the beggars on horseback in VOMIT 07/01? Could it be that commissions to government ministers from arms deals triggered the close down? See also the 14-27 February 2001 issue of Punch on "Labour's Secret Arms Trade". The new currency for weapons of war is cocaine. Punch also refers to the secret arms deal with Saudi Arabia. We quote "Al Yamamah has been clouded with allegations about profits for Mark Thatcher, whose mother signed the contract, the use of bribes and the involvement of disgraced Tory Jonathan Aitken." Let us be fair to Mark Thatcher. Was it not he who gave his mother a massive loan when she purchased her house in Flood Street? Did he not fail his accountancy exams and get himself lost in the desert? Was he not under investigation in the UK, Switzerland, USA and South Africa and did he not come out of these with an unblemished character?

We ask you again to read the Bull** letter obtainable from LIPS by fax at 0161 428 1159 and the speech of Gerald James (Matrix Churchill - Scott whitewash) obtainable from the Environmental Law Centre at Fax 0170 454 9091, phone 01704 547418 and email info@elc.org.uk. Web reference http://www.elc.org.uk/Conference_Papers/Gerald%20James.doc

Both items are also available on www.vomit.cc. Note again that Blair's policemen with marksmen were used at several addresses in the autumn of 1999 to still the voices of dissent.

** Dr G V Bull claimed that he was under threat of death for exposing, inter alia, the commissions and bribes associated with the arms industry. Three months later he was murdered. See page 2, penultimate paragraph, of his letter. It reads "Even the Saudis are now being supplied with battlefield weapons yielding several kilotons and the supply of which oiled Al Yamamah. On that alone I can vouch for the fact that Thatcher, Heseltine and Clark, amongst others, have had money paid directly into their family accounts in Switzerland and Liechtenstein".

Note that the Labour government is supplying both Pakistan and India with the weapons of war. This is the Iran/Iraq scenario all over again with commissions and bribes flowing freely.

Did the suggestion that Dorset constabulary were involved in drugs and car theft result in the actions against us?

YET ANOTHER HOLOCAUST BLEAT

Author Edwin Black has rediscovered the story about IBM using Jews as slave labour in support of the Nazi war machine. Talking about the cremation furnace here is an example of the emphasis on the horrifying treatment of Jews (and Masons and Gypsies and the disabled and Russians). "A metal stretcher used to slide emaciated corpses into the flames was always nearby".

Has Black not heard how US bomber pilots were ordered not to bomb selected factories in Germany? Does he not know that many Jews played an active part in Germany's war effort? Does he know that it was Jews in Berlin who founded the National Socialist Party (The Nazi Party) because Jewish merchants were exploiting them? The under trodden became the foot soldiers of the JMF.

How many millions of soldiers and civilians did the Japanese use as slave labour? What about the Burma railway and the bridge over the river Kwai?

If you are provided with all the home comforts and a roof over your head and no wages is that worse than working for a starvation wage as millions do on account of international monetarism? Who is responsible for that sort of slave labour?

LORD WOOLF BAPTISED WITH URINE

On Monday 19 February Andrew Covey, another victim who was being gagged by a Section 42 order, stripped off his clothes in Woolf's court and threw a mixture of urine and water over the judge. The judge was not unduly upset because he has been taking the piss for years. Woolf retired to change into dry clothes and Covey went on his way rejoicing. People of Woolf's upbringing just will not learn a lesson. Urine today, sulphuric acid tomorrow and Semtex explosives the next day. Soon there will be contract killings of members of the legal profession and politicians. In the meantime Blair authorises the unlawful bombing of Iraq in order to protect Israel and secure Jewish financial and political support in the UK. We pray for an honest leader with vision, black or white, Jew or Gentile, man or woman.

TO THE GERMAN AMBASSADOR

Letter dated 15 February to German Ambassador (Fax 020 7824 1315)

<<< We are now like Germany as it was before World war Two. At least you were able to inflict some punishment on Helmut Kohl.

A German owned company is benefiting from wholesale corruption here with the connivance of the UK government. A Jewish solicitor set up the scheme from Chesham. It is a long story. Since the parent company may not be aware of what is going on I will mention only one of many life-threatening incidents especially for someone who is elderly.

On 18, 20 and 21 August 1999 there were three wholly unjustifiable police raids here with a police marksman in attendance. On 5 August 1999 a new company, Hellmann Parcel Services Limited was formed. That company, according to the company record, has no connection with any other company. Vehicles, sign written "Working in Partnership with Hellmann Parcel Systems", (no Limited) have been using the drug site here since mid 1998. The site was closed for one year when Labour came to power and the cocaine importers emigrated to South Africa. Consignments of cocaine came from Cape Town.

The parent company, according to my informants, is Hellmann Worldwide Logistics GmbH, Friedrich-Hagemann-Str.40, 33719 BIELEFELD, Nordrhein-Westfallen, GERMANY. (Phone . Fax +49 5212998580.)

Yours faithfully, James M Todd. >>>

Memo - Information sought on Gail Spratley, Simon Elvin, Hearn, Hellmann Parcel Systems Ltd., Kennedys, Hewden Stuart, SFO, Gillian Gowing.
