VOMIT UK 11/01

Victims Of Masonic Ill-Treatment 17 March 2001

Anyone criticised or maligned in these publications has a guaranteed right of reply. JMF or P2 Lodge UK stands for the hierarchies of the Judaeo/Masonic Faction. The ordinary Mason and Jew are as likely to suffer from the machinations of the JMF as non-Masons and non-Jews are. Almost every institution in the UK is corrupt. While the final blame lies with the Member of Parliament and the Prime Minister, Freemasonry is invariably involved along with the courts, the police and local government. Everything we publish is aimed at the detection and prevention of crime especially in the public sector. We act in the public interest.

“A prostitute is a person who eschews integrity for material gain.”

“A pervert is a person who perverts the course of justice or otherwise deviates from accepted moral standards.”

BLAIR ON THE WAY OUT - THREE LORDS AWAITING

Three of the poorest examples of humanity occupied centre stage last week when Sir Anthony Hammond reported on Mandelson and Vaz. We do not insult our readers stating the obvious. After all it was Hammond who drafted the Public Interest Immunity Certificates in the Matrix Churchill case. If the late Alan Clark, had not spilled the beans innocent men would have gone to jail for a long time. Gerald James is still being persecuted following the “enquiry” by Sir Richard Scott who was promoted to Master of the Rolls and who has now disappeared into the higher echelons of law. Hammond is untouchable whatever political party is in power. It is up to the people of Hartlepool and Leicester to get rid of Mandelson and Vaz but that will not stop them being ennobled by the Queen on the orders of a political beneficiary. When are we going to be told why certain parts of the Cullen report on Dunblane are to be concealed for 100 years? Did the reports involve Lord Robertson, Lord Lamont and Chancellor Gordon Brown? Why was Cullen given the Ealing rail accident “enquiry”? Did you know that the Saville “enquiry” into Bloody Sunday has already cost over £30 million most of which cannot be accounted for? Whitewashes are as expensive as they are counterproductive.

It is not all doom and gloom. Even staunch Labourites are fed up with the stench of their own party Moguls. Nick Brown, the agriculture minister has shown that homosexuality has not stopped him from rising head and shoulders above other members of the Cabinet. Whereas Mandelson did not invite Geoffrey Robinson to his house warming party after Geoffrey had paid for the house Nick Brown paid the taxi fare of a young male guest to get him out of his house.

What a dirty government we have. The Tories refused the Hinduja brothers passports. Labour ignored security warnings and awarded passports. The Tories resisted unlawful development here for ten years. Labour pushed ahead within one year.

A MoD VICTIM

Last week we wrongly reported on the case of Donald Clifford (Phone 020 7587 0269) believing that the case had been dismissed by the Central London County Court in which we do not have much faith. A second defendant has been added and there is a Case Management Conference at 10 a.m. on 25 April 2001. The order (by Judge Uzeill Hamilton) was made and drawn on 31 January 2001. The same court made an order (by Judge Ryland) on 29 January 2001 in one of our cases. The order was not drawn until 1 March 2001, over a month later. Moreover, as far as we knew, our case was over in December 2000. Our faith in

the Central London County Court is as was.

GAIL SPRATLEY

Report by Gerald Coulter (Phone/Fax 01923 262726)

The Inspectorate of Constabulary forced Gail Spratley onto Dorchester Police as head of Human Resources. She was finally ousted when she was charged with a number of offences related to her curriculum vitae. On 16 March 2001 she was sentenced to 180 hours of community service after changing her plea to guilty for a minor offence.

Her legal advisers arranged a plea bargain and led her to believe that she would be put on probation without an adverse effect on her career prospects. We publicly advised her against a plea bargain because the whole legal system in Dorset is Mason driven. The Probation Service had been landed earlier with Mike Crolley when the police stitched him up. Mr Crolley lectured the Probation Service on the corrupt state of the legal system. The recently retired head of the Probation Service is Brother Lacey of Lodge 7907 Llewelin Poole. The Clerk of the Police Authority is Pervert Peter Harvey who is also secretary to the Probation Committee. He is the former Chief Executive of Dorset County Council. Since he was obliged to quit that job he has been appointed to so many expense paying jobs that they have had to put a new strong room in his local bank to accommodate his wealth. The new head of the Probation Service is aptly named B Crook.

One Dorset police victim states "So many are p-ssing in the same pot that it has been suggested that they buy the Millennium Dome and turn it upside down,

We hope that Gail Spratley will now understand the nature of the forces of evil ranged against her. She hasn't a snowball's chance in Hell of getting employment unless she toes the Masonic line. There is no guarantee that the dirty brigade will not crucify her even if she does comply with their restrictions.

REPORT FROM TERRY EWING

<<< Mr Ewing can be emailed at powservices@cablenet.co.uk

The case of James Bell under the Vexatious Actions (Scotland) Act 1898 will be heard in the Court of Session in Edinburgh on Friday, 23 March 2001. I haven't heard back from him as to whether the evil Masons who fiddled his bankruptcy have evicted him yet.

Incidentally, Peter Hayward informs me that Mr Ebert's trustee in Bankruptcy, Envil who may fit your definition of a prostitute, has admitted that she was not lawfully appointed. This would mean that he has been unlawfully evicted from his house in Golders Green in breach of the Human Rights Act. He is now currently seeking permission to appeal out of time.

Also pending is the application of Arthur Oaks described by bent Mason Bingham at the original hearing as "Arthur Oaks is very well known to the judges of the Chancery Division".

Peter Hayward has also written an abusive letter to that ---t Woolf telling him exactly what he thinks of him. Terry Ewing >>>

TONY'S BRITISH TELECOM CRONIES

From VOMIT on 13 March 2001

<<< Dear Prime Minister, The French Press

"A Nation of Shopkeepers interested only in money", "The Dirty Man of Europe" and "Perfidious Albion". Les crapeaux have given you up as a bad job. It is a sad day when UK citizens have to seek assistance from the French and the Germans against the corruption of UK authorities. Here is the latest on your attempts to stifle criticism.

With this I send a letter dated 7 March 2001 (Internet ref. for 2 pages <http://www.vomit.cc/btmason.pdf> & <http://www.vomit.cc/btmason1.pdf>) from Mike Owen, MBE, (Freefax 0800 318820 International Fax +44 20 7439 7803 Email gm@bt.com) of British Telecom addressed to "Mr Todd, Ambassador Removals". That Mr Todd is not me. The letter is a tissue of lies. Owen was provided with a true copy of VOMIT 37/00 dated 9 September 2000 and asked if it

was similar to his copy. BT Chairman Vallance and Oftel too are aware of this outrage. They do not respond.

Today I received a faxed message presumably from someone who has access to the Police Authority fax machine. I send this too with my reply.

It looks as if the liar Owen was asked to give Thames Valley Police an excuse to fabricate a false prosecution again. The Serious Fraud Office (Ref. POL/210/237) has during the last week received prima facie evidence that Pollard and Stevens permitted the importation and distribution of cocaine. Let Owen be prosecuted for criminal libel.

'Though the mills of God grind slowly, they grind exceeding small...'

Yours faithfully,

JAMES M TODD.

Copied to the Chief Constable of Thames Valley Police. The Serious Fraud Office et os. >>>

Comment: Blair and company are pulling out all the stops. The Serious Fraud Office and the Local Government Ombudsman are marking time while the government's favoured solicitors are attempting to drag us into court for more dirty tricks.

We ask you yet again to read the Bull letter obtainable from LIPS by fax at 0161 428 1159 and the speech of Gerald James (Matrix Churchill - Scott whitewash) obtainable from the Environmental Law Centre at Fax 0170 454 9091, phone 7418 and email info@elc.org.uk.

Web reference http://www.elc.org.uk/Conference_Papers/Gerald%20James.doc

Both items are also available on www.vomit.cc. Note again that Blair's policemen with marksmen were used at several addresses in the autumn of 1999 to still the voices of dissent.

The police forces involved were Devon and Cornwall, Thames Valley, Northumbria, Durham City, Leeds and Kent.

See also (VOMIT 10 – last week) with the speech by Australian Commissioner Ryan to the Association of Chief Police Officers.

Note that BT has attempted several times to prevent us from faxing VOMIT primarily to Labour Regional Offices. Some years ago BT gave us the addresses of two ex-directory subscribers when we used Masonic signs. That was authorised by the BT chairman's office. This fellow Owen is a sick Mason with all the sick tricks of a Masons. After he was exposed on the Internet he said that he was concerned about our use of 01494 871204 to send faxes. That number has not been used for faxes since 8 August 1998. His kangaroo court may want to stop our publication before the elections or it may have something to do with the Serious Fraud Office. Now there is a much more serious problem here. There are 200 traffic movements at the drug site daily. Farmland and farm animals surround the site. One field of cows is adjacent to a golf course. The whole area is surrounded by woods with wild life including foxes badgers, stray dogs and possibly deer. There is a definite risk of foot and mouth disease, which could be transmitted to the continent and to every country in the world by air and sea. German owned Hellmanns who operate from the site are "international forwarders".

Lord Williams, The Attorney General, 9 Buckingham Gate, LONDON SW1E 6JP FAX 020 7271 2430

<<< We refer to our previous correspondence; it would have helped, had you quoted statutory law and/or defined 'public interest'.

Stringer v MHLG 1971 refers to quote "the protection of individuals is one aspect, and an important one, of the public interest as a whole".

Surely as principal advisers to the government and guardian of the public interest the onus should be on you to prove that corrupt interference, with the individuals' liberty and property vital to the public interest, shall/will not be swept under the carpet.

Yours faithfully, (J. & B.Masefield) cc Prime Minister >>>

Comment: Nothing surprises us about our law officers. This one appears to be used mainly for gagging writs when litigants decide to fight their own cases after being shafted by their solicitors. His is a political appointment whose impartiality and constitutional position must be questioned.

VOMIT UK PARTY

We put out feelers about forming a political party. There are good reasons for doing so. Here is one reaction.

<<< I'd prefer the two Dorset candidates to register under my party, which is already registered. It is "The Human Rights Party". Anyone on your mailing list should contact me. David email david_turner_is@hotmail.com >>>

Comment: Grandma knows not how to suck eggs and thanks David for his help. Freemasonry is a dangerous and evil thing which must be tackled head on. The Campaign for a Fair Hearing is using the softly softly approach and doing a good job. Human Rights law means nothing if the judges are under the aegis of the JMF. However the choice is yours. Contact David and ask to be a candidate. If he cares to tell us how many candidates he has we will publish details to enable local people to support them. We personally would not support David until he explains his intromissions involving Mike Croley, Gerald Coulter and the Hampshire Masonic Yearbook.

CK0635 ALBERT DRYDEN, H M PRISON, NOTTINGHAM.

In spite of worldwide protests Mr Dryden is still in prison 10 years after he was fitted up for defending his property against a provocative Chief Planning Officer who must have been one of the dirty brigade. He was golf partner to Durham City's police chief.

To daynal@hotmail.com. The disputed site of Albert Dryden is at Butsfield and NOT sold. The site you have in mind, and which Albert had hoped to buy in the 80's, would be in Consett, The Grove. It was bought by an Engineer of the District Council and, as we understand, subsequently developed for housing.

Why not approach the Derwentside District Council for information? Their number is:
Tel. 01207 218000. Fax. 01207 218200.

Albert called yesterday - poor devil is so pleased about the huge number of supportive letters from around the world. Conveyancing details are in the post to us. Peter Donnelly, the teacher, Albert's brother-in-law who acted as agent, died about a year ago. Knowing that we are monitored, we fear not for ourselves but do our utmost not to compromise others who are in possession of sensitive information. Watch this space. Regards, J. & B. >>>

SHARPE PRITCHARD

Email to VOMIT <<< Thanks Vomit for e-mail. Sharpe Pritchard, agents for Local Government, seem to have the monopoly and influence with the Lord Chancellor. One of their solicitors, instructed by West Dorset District Council against us since 1984 is dishonest but successful in all Courts. We discovered that his name appears in the list of 'consulted persons' annexed to the 'Access to Justice report' by Woolf/Irvine. How about a Ministry of Justice, as on the continent, as favoured by Marisa Sarda De Waite? >>>

Comment: A ministry of Justice in this country would become a Ministry of Injustice as soon as the Masonic scum was appointed to key positions. Note that in the case in the Central London County Court, referred to above, Sharpe Pritchard are again solicitors acting for Westminster City Council. With Dibb Lupton Alsop acting for corrupt Buckinghamshire County Council and corrupt Chiltern District Council they succeeded in depriving an associated company of £200,000 and having the company wound up. We have complained to the Lord Chancellor and have found, like thousands of others, that his negligence and arrogance are mind boggling. This is what happens when a man of humble origin gets too big for his boots.

MOHAMED AL FAYED ON IRVINE

<<< But Irvine was a useless barrister. I myself used him for two cases. The result? He lost them both and cost me half a million pounds. This is the quality of the man who appoints our judges. I wouldn't give him a job cleaning up after the Harrod's horses. >>>

Comment: Wealth can be a bar to winning cases in the UK. We are reminded of the divorce case between the Duke of Argyll and Margaret the Duchess of Argyll. She was wealthy in her own right. He was a pauper. The case should have lasted about two days. It went on for weeks. If anything Margaret had the better case. She lost. She was the only source of money to meet the exaggerated costs. The Duchess was very badly treated by the Scottish legal establishment in the Court of Session, Edinburgh. Edinburgh has always been a bastion of Freemasonry. We are inclined to believe that Scottish law introduced English judges to the art of corruption. Lord Chancellors Mackay and Irvine are Scottish. The cabinet too is polluted with Scots. When will the Sassenachs waken up?

Memo - Information sought on Gail Spratley, Simon Elvin, H Hearn & Son Ltd., Hellmann Parcel Systems Ltd., Kennedys, Hewden Stuart, SFO, Gillian Gowing, His Honour Judge Ryland.

Thanks for the information on Bilderberg and Portman Papers. No space this week.
