VOMIT UK 50/00

Victims Of Masonic Ill-Treatment 9 December 2000

Anyone criticised or maligned in these publications has a guaranteed right of reply. JMF or P2 Lodge UK stands for the hierarchies of the Judaeo/Masonic Faction. The ordinary Mason and Jew are as likely to suffer from the machinations of the JMF as non-Masons and non-Jews are. Almost every institution in the UK is corrupt.

While the final blame lies with the Member of Parliament and the Prime Minister, Freemasonry is invariably involved along with the courts, the police and local government. Everything we publish is aimed at the detection and prevention of crime especially in the public sector. We act in the public interest.

STRAW STILL PERSECUTES ALBERT DRYDEN

Mr Dryden has been moved to yet another prison which he describes as "Home House". The prison is a remand prison and is probably near Durham. Mr Dryden is now locked in his cell for 23 hours every day. The remand prisoners are young men who keep him awake at night shouting to each other.

What has twisted the mind of Straw? Have his old problems returned? He puts his family above the law. He allows his driver to violate traffic law and puts other road users at risk. He wants to do away with juries and he supports the idea of getting rid of lay magistrates. Now he supports legislation which will enable the police to monitor and store for seven years every telephone conversation in the UK. We find that even when Metropolitan policemen are corrupt and dealing in drugs, robbery and blackmail it is nearly impossible to discipline them let alone prosecute them unless one of their number turns informer. When the police marksmen shoot dead unarmed men they are not even reprimanded. Straw clearly has his priorities wrong. Victims of miscarriages of justice will be left to rot in prison. There are no votes for releasing prisoners. We will keep reporting Straw's failure to deal with unlawful police raids in August 1999. Blair is also aware of the police corruption harnessed on behalf of government. **We again draw attention to the heavy-handed and life-threatening raids by policemen between August and November 1999 against Norman Scarth in Leeds, Maurice Kellett in Northumbria, Peter and Pat Prankerd in Cornwall, Peter Hayward in Kent and James Todd in Thames Valley.**

ANTI-SEMITISM FROM PRIVATE EYE?

"Our company is appalled by these unauthorised advertisements," a spokesman for Nextel Communications told a court in Manila, "and we are horrified by their publication. The advertising material and sales literature contains deeply insulting and obnoxious matter which clearly offends the sensibilities of the Jewish people, and that is why we are urgently seeking an injunction and damages."

Nextel Communications was suing Syntech Systems (its local distributor in Manila) over a series of advertisements which Syntech had placed in the Philippine national press, and which had led to public protests from the Israeli Embassy. "One newspaper advert, which has appeared several times, is captioned 'The Final Solution.' It features a photograph of an Adolf Hitler lookalike using a Nextel phone and extolling its virtues. He speaks of 'my struggle' to find a mobile phone system 'that will last for a thousand years,' and will promise its customers 'the extermination of dues.' This association of our products with genocide and anti-Semitism is disgusting

and has caused inestimable and irreparable injury to Nextel's business reputation and goodwill in the Philippines, and we shall be seeking exemplary damages." (*South China Morning Post, 9/10/00. Spotter: Tim Phillip*)

Comment: Syntech is an advertising agency, which would have its finger on the public pulse. It was appealing to the anti-Semitism of the majority of Filipinos. If we are going to stop another Holocaust we must educate both Jews and Gentiles. Let us stop burying our heads in the sand. The Israelis should stop acting like Nazis in Palestine and comply with UN resolutions. Their main paymasters, UK and USA, should stop sending them money and weapons until they learn to act like human beings.

DISGUSTING DACORUM BOROUGH COUNCIL

Mr Charles Beresford of Hemel Hempstead (Ph/Fax 01442 249999) has had a long battle over his right to buy his home from a Mason dominated corrupt council. Mr Beresford reckons he has cracked it because the Deloitte Touche District Auditor (DA) has been replaced by Greg Comninos who has agreed to meet him. The Local Government Ombudsman, Jerry White, has agreed to reconsider his case. Hope springs eternal! We wish Charlie well and offer him information.

Comninos is part of the Deloitte Touche Mafia, which supervises also Westminster, Buckinghamshire and Chiltern councils. Jerry (Pisspot) White was shown to have a direct line to the United Grand Lodge when he exculpated the Masons connected with planning corruption on the Isle of Wight.

We have experience of both Comninos and White and sincerely believe that they should be prosecuted for misconduct in public office.

Coincidentally we have had an even longer battle over a right to buy problem with Westminster City Council, which has its own Masonic Lodge. We had problems also with corruption in Chiltern District (2 Masonic lodges) and Bucks County Council (number of lodges unknown). We elaborate a little to show the corrupt links. Some years ago after our first police frame-up, we reported Chiltern shenanigans to V E Davies of Touche Ross (now Deloitte Touche). Comninos replied to our letter. We asked DA Davies to reply personally because he appeared to be hiding behind Comninos. Davies said that Comninos was his partner. Being stonewalled by Davies and Comninos we contacted Relfe, the county solicitor, and asked her who the DA was for the county. She said that Comninos was DA for the county. Further enquiry elicited the information that John Magill had been DA for Bucks County Council for many years. He had also been DA for Westminster City Council where he managed to surcharge Dame Shirley Porter against whom an appeal to the House of Lords is still pending. Note that Comninos was in collaboration with the DAs for Bucks C C, Chiltern D C and Westminster C C. All three councils were corrupt and should have been exposed by both the District Auditors and the Local Government Ombudsmen. LGO White's predecessor for Chiltern DC was E.B.C. Osmotherley who moved to Westminster. Now you see why corruption is endemic in councils and why we do not hold out much hope for Charles Beresford.

THE LORD CHANCELLOR

Last week we published a letter from Suzon Forscey-Moore to Roz Kellett. The significant aspect of the letter was the ramming home of the message that the Lord Chancellor must be dispensed with. Ms Kellett's experience, tragic though it was, was insignificant in the general scheme of things. People die every day as the result of medical malpractice, negligence, incompetence or worse.

Ms Kellett stated that we were a liar. She chastised us for not publishing her reply. We can see no point in telling lies. We did not have Ms Kellett's reply and we would not have had space for it anyway. The "reply" was an attack on someone who was trying to help her and did not address the points raised in the letter.

Mrs Forscey-Moore makes mistakes like any other human being. We felt that she made a serious misjudgement in Norman Scarth's case and we added a little bit of our own to show solidarity with a man who had just been kicked in the teeth by a bent judge.

Had Ms Kellett replied privately she could have been ignored. She circulated her abuse to a number of Aristotelian pocket billiards playing males as well as decent people all over the world. Our email inbox was flooded with "Please remove us from your mailing list".

Here is what Nick Cohen writes in the Observer, page 31, on Sunday 3 December 2000. Mr Cohen supports Suzon Forscey-Moore

<<< ...Before Labour became New Labour, it promised to abolish the secret selection of judges and unelected Lord High Chancellors who were not answerable to MPs. The Lord Chancellor was, it said, a constitutional monstrosity who made a nonsense of the separation of powers by being Speaker of the House of Lords (the legislature), a member of the Cabinet (executive) and appointer of the judges (judiciary). In Government, it has not only given us Chancellor Irvine but seems likely to extend his patronage. Ministers are sneering that lay magistrates are not up to the job. They are preparing the ground for the findings of an enquiry by Lord Justice Auld who will recommend that new 'district judges' should deal with cases now heard by magistrates. District judges will be in control and JPs will merely be their assistants. Like Garry Hart, they will be appointed in secret by Irvine.>>>

It should not be forgotten that Irvine is a Blair crony who has made a bigger pig's breakfast of the legal system than any of his predecessors in the past 40 years. Physically Blair is certainly a coward who cringes before the likes of Prescott and Irvine. The other beggar on horseback, Mandelson, would simply turn his back on Prescott and Irvine. We say again **"Vote Labour but get rid of Blair, Brown, Irvine, Mandelson, Prescott and Straw" and deselect all Masons"**.

This charity's blurb says that it specialises in Fundamental Freedoms and Human Rights relating to Health and the Environment and that it encompasses forensic experts of all disciplines. We do not advise anyone to contribute to or seek help from a charity primarily because the Charity Commission is a joke. We have experience of charities including the National Society for the Prevention of Cruelty to Children. A couple of years ago we refused to pay bent solicitors in Watford but offered to pay the bill to a charity of their choice. The cash went to Great Ormond Street Hospital for Sick Children. At the time that seemed a safe location. Later we had Dr Adoko's report that the hospital audit unit was suspect and that no action was taken against the culprits. We have known about charity rackets for 40 years but with improved communication we have learned much more. This country has lost its sense of decency and morality. The poison spreads outwards from Parliament. Policemen on the beat used to set standards but they are now discredited by the corruption of their leaders.

DORSET'S DIRTY SCUM

<<< Whilst at the Dorchester council offices on the 29th November trying to obtain the minutes of an earlier meeting, (Stichbury and the Police Authority) I was

confronted by the Chairman of the Magistrates Committee / Provincial Grand Master of Dorset Masons: Harry Barnes. Upon realising who I was, Barnes became subdued and shifty.

The receptionist interrupted asking Mr Barnes if he was, " Here to see Peter Harvey?" Barnes replied, "Yes". She then turned to me and said that the information I required was unavailable. On leaving, I told Mr Barnes that my husband was declining his invitation to have Masons look into our case and that we were to have a meeting with Superintendent Brazier at our home on Wednesday 6 December. Barnes asked me to repeat Brazier's name presumably so that he can brief him. Brazier had insisted upon having our questions in advance of the meeting.

You may wonder what Harvey was doing at the council offices when he is clerk to the Police Authority. Harvey was Chief Executive of Dorset County Council until solicitor David Dolton died by either his own hand or by another hand and Chief Constable Aldous and his Deputy "I was taught to be cautious May" resigned prematurely. Harvey should have been at police HQ at Winfrith. Had he been charged as a result of the several complaints lodged against him he would have had no connection with either the police or Dorset's senior Magistrate unless they were sharing the same prison cell.

Brazier telephoned me and pretended that our meeting was for 5 December. I decided to see him one day earlier than arranged in order to give him less time to plot against us. My husband refused to entertain Brazier. Brazier refused to answer any questions related to the publication in VOMIT of details of my husband's mistreatment by the police and the courts. Brazier recorded the interview and let me have a copy of the recording. This will be available for publication later. Julie Croley >>>

PRESCOTT AGAIN

From: "Steve Collier" <stevercollier@hotmail.com>

Subject: Scumbag Masonic Companies.

Date: Monday, 04 Dec 2000 22:36:08 -0000

<<< There is a major scandal developing in a village called Branston, a suburb of Burton-on-Trent. It concerns the B&Q Superstore chain, which is due to set up a nation-wide distribution depot by taking over existing warehouses at the H. M. Prison Service Depot. The residents are up in arms because 200 lorries per day will be using the narrow access road, which has 2 schools on it. B&Q and the freight firm 'TAYLOR BARNARD', which has just been taken over by TNT held a public relations meeting at the Branston Golf Club [Masonic lodge?] to allay residents fears. This stinks of Masonic collusion. They hope to be installed at this new site by the New Year. Janet Dean, the Burton MP is supporting the local residents in their fight against this big business, Masonic cartel.

It will be an outrage if the council grant B&Q this site as 99% of residents are against it. If you think this is suitable material for Vomit I will gladly leaflet the whole area. I will keep you informed of any developments. There is a public meeting at the Branston village hall, on Friday 8th Dec. 7.30pm. Steve Collier >>>

Comment: Prescott overturned a decision by the Cabinet to ban Masons from the Planning Inspectorate. Steve must make a gift of a Jaguar car to a Minister or provide a holiday home for the use of Ministers. New Labour comprises beggars on horseback.

MORE ON FREEMASONRY IN THE PRISON SERVICE

Reported in the Daily Mail during week ending 2 December 2000.

<<< THE Home Office is facing demands for an enquiry into how a freemasonry 'bible' was printed on a prison press.

.....

Brian Caton, secretary of the Prison Officers' Association, said that the prison service had to be seen to be "spotless" and could not allow such books to be printed in prisons at a time when freemasonry was under close public scrutiny.

He said the circumstances surrounding the printing of the book at Leyhill jail in Buckinghamshire should be fully looked into..

.....

There are suspicions that masons have an undesirable influence in some areas. For example, officers say that in one instance at a prison in the South of England four jobs were available for senior officers. There were 16 applicants but all four jobs were awarded to Masons.

There are about 800,000 freemasons in Britain, most of them white Protestants.

..... Reporter David Williams d.williams@daily.mail.co.uk >>>

Comment: The government and the Home Office in particular have no intention of causing the slightest embarrassment to an organised criminal fraternity entitled Freemasonry.

We earlier reported how a prison doctor at Winchester had been convicted of beating up his wife and of being in possession of firearms. He received a long prison sentence in spite of the fact that he was Master of his Masonic lodge. Within weeks he was released to a hospital cum luxury hotel where he could use a high class eating-house and enjoyed freedom to mingle with the public. There was a school close to his restaurant. Hamilton, the Dunblane killer, was a Mason who was partial to guns. Blair's lot decided to keep certain matters from the Cullen report secret for 100 years. Check the fact in Hansard.

The sale of the prison service depot at Branston to B&Q should be investigated.
